1/ This table combines motor-fuel and motor-vehicle data from Tables MF-3 and MV-3.

This table is compiled from reports of State authorities.

2/ Includes some estimates.

3/ The distributions shown include both specific dedications and the prorated share of motor-fuel and motor-vehicle portions of distributions from common funds with multiple revenue sources.

4/ Includes expenditures for county roads under State control.

5/ Some allocations for local general purposes may have been used in part for highways. Some allocations for local general purposes may have been used in part for highways.

6/ Includes only allocations for specific nonhighway purposes.

7/ Gross allocations of highway-user revenues to State general funds were reduced by appropriations for highways from State general funds. These amounts are included with allocations for State highway purposes.

8/ Preliminary data was used.

9/ In these States, most highway-user revenues are placed in the State general fund. For a discussion of general fund States' financing, see "Highway Finance" text under "Funds Attributable to Highway Users."

10/ 2004 data was used.

1/ This table includes the revenues from State taxes on all motor-vehicle fuels and related receipts in connection with motor-fuel taxation and administration. In many States, however, the tax on special fuels (fuels other than gasoline and gasohol) is applicable only to the amount used on the highways. For the States that apply the tax to all fuel sold, the revenue and refunds covering the nonhighway portion of these special fuels have been excluded. All data are subject to further review and revision.

2/ Includes, in some States, receipts in the form of tax credits for refund claims accepted by distributors acting as agents of the State and refund credits to users who are licensed as distributors.

3/ For tax rates as of January 1, 2004 and rate changes during the year, see table MF-121T. States with variable

rates are also identified in table MF-121T.

4/ These are proceeds from taxes on nonhighway uses of gasoline dedicated for the improvement of facilities other than highways. They are generally revenues from taxes on gasoline for aviation and motorboat use, but in some States, include taxes on gasoline used in off-highway recreational vehicles and snowmobiles. In California, receipts from the tax on gasoline used for agricultural purposes are included.

5/ These are fees for inspection of motor-vehicle fuel. Insofar as possible, fees for inspection of fuels not used on highways have been eliminated.

6/ Rhode Island data is for 2004. State did not submit 2005 data.

REVENUES USED BY STATES FOR STATE-ADMINISTERED HIGHWAYS - 2005 1/

NOVEMBER 2006

1/ Tables SF-3 and SF-4 summarize receipts and disbursements for State-administered roads and bridges. Amounts shown reflect activities of State highway departments, State park boards, other State agencies, and quasi-State toll facilities. Includes direct work on local roads under State control, and State highway debt service transactions. See Table SF-21 for general note on SF table series. This table is compiled from reports of State authorities.

2/ Any differences between beginning balances and the ending balances on last year's Table SF-3 are the result of accounting adjustments, inclusion of funds not previously reported, etc

3/ Amounts shown represent only those highway-user revenues that were expended on State administered roads. See Table DF for the full amount and disposition of highway-user revenues.

4/ Amounts shown represent gross general fund appropriations for highways reduced by the amount of highway-user revenues placed in the State General Fund. See Tables SF-1 and DF

5/ Includes sales and use taxes, severance taxes, and other State taxes

6/ Preliminary data was used.

7/ 2004 data was used.

1/ Tables SF-1 and SF-2 show the receipts and disbursements State for highways. See Table SF-21 for general note on SF series. This table is compiled from reports of State authorities.

2/ Any differences between beginning balances and the closing balances on last year's Table SF-2 are the result of accounting adjustments, inclusion of funds not previously reported, etc.

3/ Amounts shown represent only those highway-user revenues that were expended on State or local roads. See Table SDF for the full amount of and disposition of highway-user revenues.

4/ Amounts shown represent gross general fund appropriations for highways reduced by the amount of highway-user revenues placed in the State General Fund. See the "Offset by General Funds Spent for Highways" column on Table DF.

5/ Preliminary data was used.

6/ 2004 data was used.

1/ See Table MV-2 for details of receipts. Differences between amounts shown and Table MV-2 are due to timing differences and funds in transit.

2/ Collection expenses in many States include service charges deducted by county and local collectors.

3/ The distributions shown include both specific dedications and the prorated share of motor-vehicle and motor-carrier revenue distributions from common funds with multiple revenue sources.

4/ Includes expenditures for county roads under State control.

5/ Some allocations for local general purposes may have been used in part for highways.

6/ Includes only allocations for specific nonhighway purposes.

7/ Gross allocations of highway-user revenues to State general funds were reduced by appropriations for

8/ Preliminary data was used.

highways from State general funds. These amounts are included with allocations for State highway purposes.

9/ In these States, most highway-user revenues are placed in the State general fund. For a discussion of

general fund States' financing, see "Highway Finance" text under "Funds Attributable to Highway Users."

10/ 2004 data was used.

1/ Highway-user revenues consist primarily of motor-fuel taxes, shown in Table MF-1, and motor-vehicle and motor-carrier taxes shown in this table.

2/ Where the registration year is not more than one month removed from the calendar year, registration-year receipts are given.

Where the registration year is more than one month removed, calendar-year receipts are given.

3/ Includes fees for light trucks as reported in Table MV-9.

4/ Special titling taxes imposed under general sales tax levies are not included.

5/ County or local officers in many States are allowed service charges for issuing registrations, operators' licenses, or for related services. Some of these charges are included with registration and other fees. The amounts shown in this column are estimates of service charges that are collected and retained by local officials and not reported elsewhere in this table.

6/ Numerous States impose taxes on the gross receipts of motor carriers in connection with general state sales taxes or taxes on all transportation companies or public utilities. This column includes only the proceeds of gross receipts taxes reported by the States as special taxes on motor carriers.

7/ In general, the proceeds of special weight or capacity taxes imposed at a flat rate per vehicle are included under special

license fees and franchise taxes. Application or filing fees required for the issuance of certificates of convenience and necessity to common carriers, and corresponding permits to contract and other motor carriers, are included under certificate or permit fees.

8/ Registration fees now exclude license taxes.

9/ Property taxes formerly levied on motor vehicles have been replaced by "Vehicle License Fees" in California, and by "Motor Vehicle Excise Taxes" in Washington. Because of the origin of these taxes, the administrative officers of the two States do not consider them to be highway-user taxes. The amounts included with registration fees in this table are as follows: California, automobiles \$1,540,795,919 buses \$4,400,538, trucks \$467,424,168, trailers \$74,579,939, motorcycles \$14,548,852.

10/ Connecticut, Maryland, Massachusetts, New York and Oregon register automobiles for two-year periods, District of Columbia and Virginia for optional one- or two-year periods, and Louisiana for four-year periods, all on a staggered monthly basis.

11/ Used last year's data for 2005.

12/ The 2005 data not available, used 2004 data.

DISPOSITION OF STATE MOTOR-FUEL TAX RECEIPTS - 2005

1/ See table MF-1 for details of receipts. Differences between amounts shown and the adjusted net volume tax receipts shown on Table MF-1 are due to timing differences and funds in transit.

2/ Includes some estimates.

3/ The distributions shown include both specific dedications and the prorated share of motor-fuel tax distributions from common funds with multiple revenue sources.

4/ Includes expenditures for county roads under State control.

5/ Some allocations for local general purposes may have been used in part for highways.

6/ Includes only allocations for specific nonhighway purposes.

7/ Gross allocations of highway-user revenues to State general funds were reduced by appropriations for highways from State general funds. These amounts are included with allocations for State highway purposes.

8/ Preliminary data was used.

9/ In these States, most highway-user revenues are placed in the State general fund. For a discussion of general fund States' financing, see "Highway Finance" text under "Funds Attributable to Highway Users."

10/ 2004 data was used.

STATE FUNDING FOR HIGHWAYS - SUMMARY - 2005 1/

1/ This table is one of a series on State highway finance. Table SF-21 summarizes the State receipts and disbursements for highways shown in Tables SF-1 and SF-2. Tables SF-3, SF-4, and SF-4C provide details on State receipts and expenditures for State roads. Tables SF-5, SF-6, and SF-5A provide details on State receipts and expenditures for local roads. Tables SF-12, SF-12A, and SF-12B provide details on State capital and maintenance expenditures. Tables SF-3B and SF-4B provide details on the receipts and expenditures of individual State toll facilities. This table is compiled from reports of State authorities.

2/ Amounts shown represent only those highway-user revenues that were expended on State or local roads. Amounts expended on nonhighway purposes are excluded. See Table SDF for the full amount and disposition of highway-user revenues, including tolls.

3/ Amounts shown represent gross general fund appropriations for highways reduced by the amount of highway-user revenues placed in the State General Fund. See the "Offset by General Funds Spent for Highways" column on Table DF.

4/ Bonds issued for and redeemed by refunding are excluded. Tables SF-1 and SF-2 include original and refunding issues. See SB table series for details on highway debt.

5/ Includes all roads eligible for Federal aid. All arterials, urban collectors, and rural major collectors are eligible.

6/ In 1995, Congress approved the Official National Highway System (NHS).

7/ Preliminary data was used.

8/ 2004 data was used.
