1 AN ACT concerning

2 **Vehicle Laws – Speed Monitoring and Work Zone Speed Control Systems**

3 FOR the purpose of altering the definition of “recorded image” for purposes of
4 provisions related to speed monitoring systems and work zone speed control
5 systems; requiring that certain time–stamped images of a motor vehicle provide
6 sufficient information to allow for the calculation of a certain speed of the motor
7 vehicle; establishing that a speed monitoring system placed in a school zone
8 may be placed in a school zone established only for an elementary or a
9 secondary school; requiring, for a certain purpose, markings to be applied to
10 portions of the roadway on which certain violations will be recorded; prohibiting
11 a speed monitoring system placed in a school zone from being placed beyond a
12 certain distance from the property of a certain school; altering certain
13 prohibitions to provide that the fee of a contractor that administers and
14 processes civil citations issued as a result of violations recorded by a speed
15 monitoring system or a work zone speed control system may not be contingent
16 on the number of citations issued or paid; and generally relating to speed
17 monitoring systems and work zone speed control systems.
