

SENATE
STATE OF MINNESOTA
NINETIETH SESSION

S.F. No. 2922

(SENATE AUTHORS: LIMMER)

DATE	D-PG	OFFICIAL STATUS
03/05/2018	6262	Introduction and first reading
		Referred to Judiciary and Public Safety Finance and Policy
03/14/2018	6435a	Comm report: To pass as amended and re-refer to Finance

1.1 A bill for an act
1.2 relating to government data practices; modifying requirements for mandatory
1.3 biennial audits of automatic license plate reader data; amending Minnesota Statutes
1.4 2016, section 13.824, subdivisions 5, 6, 8.

1.5 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

1.6 Section 1. Minnesota Statutes 2016, section 13.824, subdivision 5, is amended to read:

1.7 Subd. 5. **Log of use required.** (a) A law enforcement agency that installs or uses an
1.8 automated license plate reader must maintain a public log of its use, including but not limited
1.9 to:

1.10 (1) specific times of day that the reader actively collected data;

1.11 (2) the aggregate number of vehicles or license plates on which data are collected for
1.12 each period of active use and a list of all state and federal databases with which the data
1.13 were compared, unless the existence of the database itself is not public;

1.14 (3) for each period of active use, the number of vehicles or license plates ~~in each of the~~
1.15 ~~following categories where the data identify a vehicle or license plate that has been stolen,~~
1.16 ~~a warrant for the arrest of the owner of the vehicle or an owner with a suspended or revoked~~
1.17 ~~driver's license or similar category, or are active investigative data~~ on which data are
1.18 collected:

1.19 (i) that identify a vehicle or license plate that has been stolen;

1.20 (ii) that identify a vehicle whose owner has an outstanding arrest warrant; and

1.21 (iii) that identify a vehicle whose owner has a suspended, revoked, or canceled driver's
1.22 license; and

2.1 (4) for a reader at a stationary or fixed location, the location at which the reader actively
2.2 collected data and is installed and used.

2.3 (b) The law enforcement agency must maintain a list of the current and previous locations,
2.4 including dates at those locations, of any fixed stationary automated license plate readers
2.5 or other surveillance devices with automated license plate reader capability used by the
2.6 agency. The agency's list must be accessible to the public, unless the agency determines
2.7 that the data are security information as provided in section 13.37, subdivision 2. A
2.8 determination that these data are security information is subject to in-camera judicial review
2.9 as provided in section 13.08, subdivision 4.

2.10 Sec. 2. Minnesota Statutes 2016, section 13.824, subdivision 6, is amended to read:

2.11 Subd. 6. **Biennial audit.** (a) ~~In addition to the log required under subdivision 5, the law~~
2.12 ~~enforcement agency must maintain records showing the date and time automated license~~
2.13 ~~plate reader data were collected and the applicable classification of the data. The law~~
2.14 ~~enforcement agency shall arrange for an independent, biennial audit of the records to~~
2.15 ~~determine whether data currently in the records are classified, how the data are used, whether~~
2.16 ~~they are destroyed as required under this section, and to verify compliance with subdivision~~
2.17 ~~7. If the commissioner of administration believes that a law enforcement agency is not~~
2.18 ~~complying with this section or other applicable law, the commissioner may order a law~~
2.19 ~~enforcement agency to arrange for additional independent audits. Data in the records required~~
2.20 ~~under this paragraph are classified as provided in subdivision 2. A law enforcement agency~~
2.21 that installs or uses an automatic license plate reader must contract with an independent
2.22 auditor that is not a law enforcement agency to perform an independent, biennial audit of
2.23 the agency's automated license plate reader data to verify compliance with this section. For
2.24 purposes of this subdivision, the time period for conducting a biennial audit commences
2.25 when an agency begins using automated license plate reader technology. By July 1 of each
2.26 odd-numbered year, the agency must provide a report on the results of each audit to the
2.27 commissioner of administration, to the chair and ranking minority members of the legislative
2.28 committees with jurisdiction over data practices and public safety issues, and to the
2.29 Legislative Commission on Data Practices and Personal Data Privacy.

2.30 (b) ~~The results of the audit are~~ report required under paragraph (a) is public; and must
2.31 include the following and assess compliance with this section:

2.32 (1) the number of automated license plate readers used by the agency, including the
2.33 brand and model of each reader, whether the reader is mobile or stationary, and contact
2.34 information for the agency's automated license plate reader vendor;

3.1 (2) all information in the log of use required by subdivision 5 for the biennial period;
 3.2 and

3.3 (3) all agency policies and procedures regarding automated license plate readers and
 3.4 automated license plate reader data, including policies and procedures regarding classification
 3.5 of the data, role-based access and data security, data retention and destruction, and data
 3.6 sharing.

3.7 (c) The commissioner of administration shall review the results of the audit report. If,
 3.8 based on the audit report, the commissioner of administration believes that a law enforcement
 3.9 agency is not complying with this section or other applicable law, the commissioner may
 3.10 order a law enforcement agency to arrange for additional independent audits. If the
 3.11 commissioner determines that there is a pattern of substantial noncompliance with this
 3.12 section by the law enforcement agency, the agency must immediately suspend operation of
 3.13 all automated license plate reader devices until the commissioner has authorized the agency
 3.14 to reinstate their use. An order of suspension under this paragraph may be issued by the
 3.15 commissioner, upon review of the results of the audit report, review of the applicable
 3.16 provisions of this chapter, and after providing the agency a reasonable opportunity to respond
 3.17 to the audit's findings.

3.18 ~~(e) A report summarizing the results of each audit must be provided to the commissioner~~
 3.19 ~~of administration, to the chair and ranking minority members of the committees of the house~~
 3.20 ~~of representatives and the senate with jurisdiction over data practices and public safety~~
 3.21 ~~issues, and to the Legislative Commission on Data Practices and Personal Data Privacy no~~
 3.22 ~~later than 30 days following completion of the audit.~~

3.23 Sec. 3. Minnesota Statutes 2016, section 13.824, subdivision 8, is amended to read:

3.24 Subd. 8. **Notification to Bureau of Criminal Apprehension.** (a) Within ten days of
 3.25 ~~the installation or current use of~~ acquiring or beginning the use of an automated license
 3.26 plate reader or the integration of automated license plate reader technology into another
 3.27 surveillance device, a law enforcement agency must notify the Bureau of Criminal
 3.28 ~~Apprehension of that installation or use~~ that it has acquired or begun using automated license
 3.29 plate reader technology and of any fixed location of a stationary automated license plate
 3.30 reader.

3.31 (b) The Bureau of Criminal Apprehension must maintain a list of law enforcement
 3.32 agencies using automated license plate readers or other surveillance devices with automated
 3.33 license plate reader capability, including the date that the agency acquired or first began
 3.34 using the technology and the locations of any fixed stationary automated license plate readers

4.1 or other devices. Except to the extent that the law enforcement agency determines that the
4.2 location of a specific reader or other device is security information, as defined in section
4.3 13.37, this list is accessible to the public and must be available on the bureau's Web site. A
4.4 determination that the location of a reader or other device is security information is subject
4.5 to in-camera judicial review, as provided in section 13.08, subdivision 4.
